www.linkedin.com/in/evin-babu

<https://github.com/evinOrg>

Computer Science Engineering student with expertise in MERN stack development and machine learning. Skilled in designing and developing scalable applications, and proficient in Canva and Photoshop. Focused on creating software solutions and transforming ideas into reality through code and creativity.

EXPERTISE

Programming Languages:

- Python • C
- Java • JavaScript

Web & Mobile App Development:

- HTML5 • Node.js • Express.js
- CSS3, • PHP • Streamlit
- React • React Native

Database:

- MySQL • MongoDB • Firebase

Machine Learning:

- Python • Scikit-learn
- Pandas • Numpy

Tools & Deployment Platforms:

- Git , • Netlify • Terminal
- Github • Render

SKILLS

- Scalable and reliable coding
- Creative designing
- Video and poster making
- Open to learning new technologies.

LEADERSHIP

Media Lead - TinkerHub JEC April 2023 - Present

Designed posters and media support for numerous events, including 2 hackathons, increasing participation by up to 90%.

PRO - CSI JEC | 2022 - 2023

Organized workshops, events, and mentoring sessions, sharing new technology with 70% of community members.

LANGUAGES

- English - Professional Proficiency
- Malayalam - Native Proficiency
- Hindi - Intermediate Proficiency

EDUCATION

B.Tech in Computer Science and Engineering | 2021 - Present

- Jyothi Engineering College, Thrissur | CGPA: 7.91

Class XII CBSE | 2019- 2021

- Bharatiya Vidya Bhavan, Thrissur | Percentage: 82%

Class X CBSE | 2018 - 2019

- Bharatiya Vidya Bhavan, Thrissur | Percentage: 90.5%

PROJECTS

Credit Card Fraud Detection (ML) | Mini Project

- Achieved 96% accuracy using ML algorithms.
- Reduced development time by 30% through Agile lifecycle.

Tharang Web App (MERN Stack) | College Tech Fest

- Attracted 250+ participants at Tech Fest.
- Achieved a load time under 2 seconds using Vercel.

Emit App(React Native) | NASA Hackathon

- Implemented Scrum, speeding deployment of new features by 50%.
- Optimized NASA data, boosted user engagement 15%.

EXPERIENCE

Intern , Jyothi Consultancy Service, Thrissur | Sept 2023 - Present

- Led development of Jyothi Bus Management Web App using PHP , working with a team of 4 developers. Enhanced user experience by 70%.
- Implemented MySQL data handling for 100,000+ users, routes, and bus details.
- Reduced manual work by 40%, optimizing bus scheduling and management efficiency.

Fitness Blog Web App , ICT Academy of Kerala,Thrissur | May 2023

- Designed Fitness Blog app using MERN stack in 1 month
- Coordinated testing, ensuring 30% fewer defects and 100% compliance with industry standards.
- Achieved 30% increase in user engagement through Iterative lifecycle methodology

CERTIFICATIONS

- MERN stack internship, ICT Academy of Kerala | April 2023
- Responsive Web Design, Free Code Camp | May 2024
- Foundational C#, Microsoft | May 2024
